k. **Description of Request:** The licensee requests approval of a temporary variance of its requirements to operate its fish passage facilities from mid-April to mid-June 2022. The licensee would not operate the project fish lift during spring 2022 in order to prevent the spread of aquatic invasive species. In lieu of fish passage, migratory fish species would be captured and sorted at the downstream Conowingo Hydroelectric Project No. 405 and transported above Safe Harbor Dam. The licensee's application indicates that the proposed variance was requested by the Pennsylvania Department of Environmental Protection and U.S. Fish and Wildlife Service. It would not require the licensee to deviate from any other project requirement.

l. **Locations of the Application:** This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link.
